Sub: **Display of table of fees and the transparency chart in the office of the DSR/SR-Regarding**

Sir ,

As you are aware, the office of the DSRs/ SRs are delivering highly citizen centric services on day to day basis. At times the instances of citizens being exploited by middle men during the registrations in your office are coming to the notice of the higher authorities. Since, we are committed to hassle free services to the registrant public in time on acceptance of prescribed Govt. fees, it is imperative on our part to assure the citizen of paying only government dues **(nothing beyond the prescribed fees)** while registering the documents in your office.

In this context, a draft message declaring the intent is being sent to you. A Flex print-out may be taken immediately and be affixed near the Table of Fees Board for information of General public. The colour and design of the declaration shall be uniform across the state and the same should be affixed adjacent to the notice of the Table of Fees. All the District Registrars are requested to ensure affixing of the Notice by concerned DSR/SR on **28th April, 2022** unfailing and the compliance be posted in 5-T group.

Yours faithfully

12 April 2022
